

Worry and experience of harm from everyday risks

People in Niger are most worried about severe weather events (81%) and road and traffic accidents (80%) causing them serious harm, the two highest levels of concern among the ten risks asked about. Across all ten, worry in Niger runs in line with the global average. Concern far outstrips lived experience, however: while 81% worry about severe weather events, only 35% have actually been harmed by it in the past two years. The harm most commonly experienced in Niger is severe weather events (35%). The gap between worry and experience is widest for road and traffic accidents, where 80% are worried but 13% have actually been affected.

Top of mind risk to safety

Asked to name the single greatest risk to their daily safety, people in Niger most often point to war or terrorism (16%), above the global figure of 3%. Crime and violence ranks second (14%), followed by the economy and personal finances (14%).

Risks which ranked below 2% of the global average are aggregated into this 'Other risks' category.
