

## Worry and experience of harm from everyday risks

People in Ukraine are most worried about wildfires (76%) and road and traffic accidents (76%) causing them serious harm, the two highest levels of concern among the ten risks asked about. Across all ten, worry in Ukraine runs in line with the global average. Concern far outstrips lived experience, however: while 76% worry about wildfires, only 4% have actually been harmed by it in the past two years. The harm most commonly experienced in Ukraine is prolonged severe weather (17%). The gap between worry and experience is widest for wildfires, where 76% are worried but 4% have actually been affected.

## Top of mind risk to safety

Asked to name the single greatest risk to their daily safety, people in Ukraine most often point to war or terrorism (72%), above the global figure of 3%. Health problems ranks second (9%), followed by crime and violence (4%).

Risks which ranked below 2% of the global average are aggregated into this 'Other risks' category.
