World Risk Poll 2023

Resilience in a Changing World

Lloyd's Register Resilience Index: 2023 vs 2021

Congo Brazzaville

The Resilience Index ranges between 0 and 100, with a higher score indicating greater resilience.

The overall score is a composite of four sub-indices: individual, household, community, and societal, each derived from multiple World Risk Poll questions.

	Global Rank	Resilience Index	Individual	Household	Community	Societal
2023	125th	44	41	36	46	50
2021	107th	45	45	38	47	50

Received advanced warning about disaster experienced: Split by income quintiles
